

WIKILEAKS PARTY DONATION FUNDRAISING INSTRUCTIONS

Attention ALL MEMBERS of The Wikileaks Party. We need your help NOW!

YOU can be part of history by raising donations to help us take the fight to Canberra this year.

RATTLE THE BUCKET to the public & help us raise the funds needed to run our election campaign. In this quick report, we will provide details on how we can make history together.

CALL TO ARMS

Email us at gregory@wikileaksparty.org.au with your full name, phone number, post-code, a photocopy of your drivers licence or passport with your address covered.

Your privacy is important to us, as is our security for each WLP member.

After receiving your details, we will provide you with:

- an Authorised Fund Raiser sticker
- a personal badge with your ID number
- a stylish WikiLeaks Party tshirt

We will make arrangements with you for collection of these from a suitable location.

ACTION

Buy a 2L or 5L white bucket with lid at either Bunnings or a local hardware store.

2L bucket w/ lid - \$2.98

5L bucket w/ lid- \$4.95

(Prices may vary depending location, type and bucket)

Depending on your purchased bucket, there may be a brand logo sticker on this bucket. It is recommended to remove this logo as to not advertise for another company.

Also your bucket will look a lot more professional.

Using typical nail polish remover or acetone from Bunnings will remove the logo easily. Pour the liquid onto a old rag and rub on the logo.

Acetone 250mL - \$8.12

(Prices may vary depending location, type and brand)

We recommend parental guidance and all necessary protection when using acetone, nail polish remover and other flammable liquids

If acetone or nail polish is not accessible, using white paint to cover the logos will also work. When the bucket is wiped and dry, close the lid on the bucket.

Using a army safety knife or a stanley knife, cut a coin slot into the lid. Make the hole wide enough for 50c coins and rolled up cash.

We recommend parental guidance and all necessary protection when using dangerous tools and the like

READY

Once you have completed these simple steps. Stick your official authorised fundraiser sticker onto your bucket.

Wearing your new groovy WLP shirt, with your ID card lanyard, and your bucket - YOU'RE all READY to go and help us make history together!

Co-ordinating with us and other WLP members, we will find the best location in your area to complete your first donation run.

We'll help you connect with other WLP members. It's best to collect in pairs and remember to have fun!

TIPS

Remember this is organic! Go out with a positive attitude, a friendly smile and a open heart.

With tips in approaching people, don't rush straight into asking for donations. This will turn people away. FIRST go up with positivity and ask how their day

is, from there ask about if they know the WikiLeaks Party. Let them know that you are here collecting donations for the WikiLeaks Party to help fund our campaign this election year. Funding our candidates to take the fight to Canberra!

When you receive a donation, make sure you say thank you, tell them to have a wonderful day and if they turn you down, still tell them to have a wonderful day.

COLLECTION

Once you have finished for the day, or your feet are hurt an authorised WLP member will collect the donations. You will receive warm fuzzy hugs for all your hard work!

If the pickup is unavailable, take all the donations to a Post office or to Bendigo bank and deposit the donations into the WikiLeaks Party account.
